B. MANAGEMENT TRAINING

25X1A9a On 13 February Messrs. [REDACTED] of the
25X1A9a Support School and Miss [REDACTED] of ISS attended a 3-hour
briefing and demonstration of Programmed Instruction for Super-
visors at the Agricultural Research Service in Hyattsville, Maryland. ✓
Our initial impression is that the use of multi-media (programmed
textbook, tape recording-paced workbook, problem exercises, and
guidance activities) in supervision training is practical and effective.
Support School plans on a more extensive review of this particular
course to assess further the feasibility of utilizing applicable portions
of it in Agency supervision courses. 25X1A9a
